

Ms. Thompson's Newsletter

Our Mission Statement: We will follow the rules and respect others so that we can learn in Kindergarten.

Date: August 8, 2014

Important Dates/Upcoming Events:

- August 11th –
Curriculum Night – 6-
7:30

A Note from Ms. Thompson:

We have had a great start to school! The students are doing a great job! I am very proud of them.

We are learning about our rules and procedures. Please talk with your child about our rules and procedures.

Snacks: Snack time is offered daily. Please do not pack snacks in their lunch box. They get confused what is snack and what is lunch.

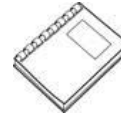

Headphones: Every child must have their own headphones. If your child does not have headphones, Taylor sells them for \$6. You can send in your money with a note or pay on MyPaymentsPlus.

Shoes: Please help your child learn to tie their shoes. This is an important self-help skill.

Things I can do at home to help my child:

- READ with your child nightly. The little books we make are perfect bedtime reading.
- Practice the sound books nightly!
- Count everything! Practice one-to-one correspondence.
- Pencil Grip – A tripod pencil grip (3 fingers holding the pencil) is the appropriate grip.
- Proper letter formation – you will receive a letter formation sheet at Curriculum Night and form the letters correctly. Most "start at the top"!

Please check notebooks DAILY.
